Re: Request for Information under 42 USC Section 9604(e)(1) & 42  
USC Section 6927-Lone Pine Landfill, Freehold Township, NJ

Dear Mr. Rogers:

Our personnel have continued their investigation of our files, and we are making this submission as an amendment to our response of March 9, 1984, in order to provide more detailed information than was available at that time. To the best of our knowledge, the attached schedules list all materials which were shipped by American Hoechst Corporation to Scientific Chemical Processing. Our personnel who would be most familiar with our dealings with Scientific Chemical Processing are Maurice Leduc and Eugene McDermott from American Hoechst's Rhode Island Works in Coventry, R.I.

1. American Hoechst Corporation has no information which indicates any hazardous substances or hazardous wastes which American Hoechst hauled, handled, or generated were ever sent to or disposed of at Lone Pine Landfill.
2. Substances which American Hoechst Corporation hauled, handled, or generated were sent to Scientific Chemical Processing. For the details concerning these shipments, please see the schedules attached. In most instances, we have only the invoice date; we do not have the dates on which deliveries actually took place. The addresses in our records reflect our business correspondence with Scientific Chemical Processing, but not the Scientific Chemical Processing facility to which the substances actually were delivered.

3. Please see the attached schedules.
4. Please see the attached schedules.
5. Please see the attached schedules.
6. All shipments of samples to Scientific Chemical Processing were made through the United States Post Office, Main Street, Coventry, R.I. 02816. The shipment represented by Invoice 8-9, dated 8/19/75, of twenty drums of methenol waste to Scientific Chemical Processing for disposal was made via Shuster Express, Inc., 48 Norwege Avenue, Coalchester, Connecticut 06415. All other shipments were picked up at American Hoechst's Rhode Island Works in Coventry, R.I. by Scientific Chemical Processing.
7. The location of records which relate to the shipment of substances to Scientific Chemical Processing are in Legal Department files at American Hoechst's offices in Bridgewater, N.J. and at American Hoechst's Rhode Island Works in Coventry, R.I.
8. American Hoechst Corporation is not aware of any documentation, materials or other information which suggests that hazardous wastes or substances hauled, handled, or generated by American Hoechst Corporation were directly or indirectly disposed of at Lone Pine.
9. None.

Sincerely,

AMERICAN HOECHST CORPORATION
